

Role Profile: **Volunteer Electrician (Qualified)**

Why is this role important?

Our site needs a lot of care – it's important to our pets and visitors and to keep them looking good is a big task so we need a dedicated team of people in order to do it. Part of this is making sure all our buildings and equipment are in full working order.

How you can support us:

- Maintain and routinely inspect electrical machinery, equipment and lighting systems as required on site
- Complete PAT testing on all electrical equipment on site
- Working within the Trust's Health and Safety Guidelines
- This role will involve manual handling of heavy items

What can you gain in return?

- An opportunity to engage with and support the local community
- Making a difference to the lives of rescue animals
- Enhance your current skills and experience
- The chance to join a great team and make new friends along the way

Ideally you will:

- Have education and training showing evidence of a thorough knowledge of electrical equipment
- Have an up-to-date electrician's license
- Have good communication skills
- Have a drivers licence and access to a vehicle
- Be able to dedicate time to volunteering flexibly throughout the week

When do we need you?

- Flexible. The requirements for this role will be ad hoc.
